

ONLINE MYSTERY CLASS WITH SANDY ARTHUR

Registration now open. To register send email to Sandy at duodesignsinc@yahoo.com and tell her you want to participate in the fun. You will be placed on a notification list and be notified one month before the class starts advising that an invoice is coming. Up until this point there has been no obligation on your part.

Online Mystery Classes are made up of 6 months of lessons conducted through a secret Facebook Page. Lessons are posted once a month around the middle of the month. The 6-lesson packet is \$150 and is invoiced through PayPal. Once payment is processed you are invited to join the secret FB page where you will find the thread list, general informational files and meet other participants.

Participants purchase their canvas through their local needlework shop and are encouraged to order as soon as you have pre-registered for the class. You can search your stash for threads or also order those through your LNS. Sandy does provide information on the FB page of reputable shops that have agreed to provide thread kits for those who need them and do not have the luxury of a local shop.

Online Classes offer the opportunity to take class at your leisure. What's most fun is taking class in your jammies! You can create your own file and save the lessons for later use. Members ask questions and share tips. Sandy provides detailed, numbered stitch diagrams for each step of the process. Wonderful work-in-progress pictures are shared as well. This is the big difference between the commercial stitch guide and the class. Economics prevent the commercial stitch guide from having the quantity of pictures and descriptions as those provided through the online class and the interaction of the other participants. These classes offer the opportunity to try some of the newer, more unusual thread or products on

the market. There are techniques that may be out of the box for you but Sandy will walk you through it or an alternative will be decided upon. No student is left behind!

Classes are conducted in such a way that the beginner to the most experienced stitcher will feel at home and be welcomed with others who share the same passion of our needle arts! A positive atmosphere is created and encouragement is of the utmost importance. Come join the fun.
